SoCG 2018 tentative procedures

Timeline as usual

abstracts late November
full papers early December
notification middle of February
final version ??? (still negotiating with LIPIcs)
SoCG June 11-14, 2018

Submission format

12 pages + references + appendices
“pure” LIPIcs format
complete proofs
if accepted, full version publicly available

Rationale

12 pages encourage concise exposition
remember: proceedings = extended abstracts
conference reviews give (some form of)
correctness guarantee for those 12 pages
technical details in full public version
